PROFESSIONAL SUMMARY

Results-driven Software Engineer with over 2 years of full-stack development experience. Proficient in TypeScript, Next.js, React, Node.js, and secure web application design. Recognized as First-in-Governorate in Information Security, combining strong coding skills with robust security practices to build scalable, high-performance solutions

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, PHP, C++, HTML5, CSS3, SQL.
- **Frameworks & Libraries:** Next.js, React, Node.js, Express.js, Laravel, Tailwind CSS, Material UI (MUI), Bootstrap.
- **Databases & ORM:** PostgreSQL, MySQL, SQL Server, Sequelize, MongoDB.
- **Cloud, Tools & DevOps:** AWS, Azure, Git, GitHub, CI/CD, Figma, WordPress. Security & Architecture: RESTful APIs, OOP, Secure Coding Practices.

WORK EXPERIENCES

Laravel Full-Stack Trainer | Code Circle (Contract)

Jul 2026 - Aug 2026 | Jordan (Remote)

- Conducted interactive full-stack training sessions in Laravel for adult learners, including postgraduates, educators, and practicing developers, utilizing live coding, hands-on activities, and real-time bug resolution.
- Executed iterative code reviews for trainee projects, delivering detailed feedback on debugging techniques and industry best practices to ensure high-quality code submissions.
- Employed adaptive teaching methodologies tailored to diverse technical backgrounds, actively guiding trainees through complex software architecture thinking and advanced debugging processes.

Full-Stack Software Engineer | Freelance

Mar 2026 – Jun 2026 | Jordan (Remote)

- Architected and delivered comprehensive freelance web solutions utilizing Laravel, React, Next.js, and Node.js, managing the complete software development lifecycle.
- **TradeX:** Developed a luxury-themed full-stack web platform featuring an automated system for digital product delivery and secure transaction workflows.
- **Shejo:** Co-developed a multi-tenant web application, successfully architecting complex backend models, database relations, and repository synchronization.
- **Global Bridge:** Engineered a scalable full-stack web solution, optimizing frontend performance and ensuring robust backend data integrity to meet specific client requirements.

Full-Stack Software Engineer | A-Tech (Full time)

Nov 2024 – Mar 2026 | Jordan (Remote)

- Spearheaded the server-side architectural design and backend development for multiple enterprise SaaS platforms using Node.js, TypeScript, Laravel, and Agile methodologies.
- Engineered robust backend systems and APIs using Node.js, Express, and Laravel .
- Optimized PostgreSQL and MySQL databases using Sequelize ORM, accelerating query execution and significantly reducing dashboard load times.
- Enhanced user experience and client success by integrating Square payments and i18n, alongside providing technical documentation and direct user training for smooth onboarding.

Full-Stack Web Development | Orange Coding Academy (Internship)

May 2024 – Nov 2024 | Aqaba, Jordan (Hybrid)

- Developed 5+ full-stack web applications, including a comprehensive end-to-end capstone project, using React, Laravel (PHP), and MySQL during an intensive 900+ hour hybrid training program (Certified by PSUT & Simplon).
- Collaborated within Agile/Scrum teams to build responsive, OOP-driven web solutions using JavaScript, HTML, and WordPress, ensuring seamless UI/UX design and robust backend logic.

SELECTED PROJECTS

Scalable Marketplace & Classifieds Ecosystem (SaaS) | Next.js, Node.js, CQRS

- Engineered a scalable B2C backend infrastructure using the CQRS pattern to handle high-traffic interactions and secure Azure media storage.
- Developed an Admin CMS with automated listing approvals and complex subscription logic for managing user quotas and billing.

Enterprise CRM & Sales Management SaaS (B2B) | Next.js, Node.js, PostgreSQL

- Co-developed a secure, high-performance backend architecture to streamline corporate data transactions and internal workflow automation.
- Implemented dynamic dashboard analytics to provide stakeholders with real-time insights into sales performance and team productivity.

CERTIFICATIONS

- **AWS Certified Cloud Practitioner**
Amazon Web Services (AWS) | (In Progress)
- **Cyber Warriors Training – CTF Track (40 Hours)**
National Cyber Security Center (NCSCJO) | May 2026
- **Full-Stack Web Development Certification (910 Hours)**
Orange Coding Academy (Certified by PSUT & Simplon) | Nov 2024

EDUCATION

- Bachelor's Degree in Software Engineering (AUT).
- Diploma in Information Security and Networks (BAU) | GPA: Excellent (First in the Governorate).
